# SHORT SLEEVE TOWEL DRYROBE

## FEATURES & BENEFITS

An all towel robe with a difference. Super soft Italian toweling throughout combined with our unique short length sleeve design to prevent drafts and unwanted exposure. Ideal for indoor or spring and summer outdoor changing.

No Expense spared approach to design & detailing with extra arm coverage & no stress points (under the arms where most towel robes can fail). Made from Medium weight 100% cotton. Light weight for faster drying

## Dealer Cost in US dollars

Medium - \$27.50

Large - \$30.00

# DRYROBE COMPRESSION TRAVEL BAG

The ultimate way to compress the warmest change robe in the World into the smallest size to travel. Now you can easily pack your dryrobe for any flight or trip where space is limited.

- \* Packs to approx 30cm length & 20 cm wide & 8-10 cm high. Depending on tightness of straps.
- \* Simply stuff the dryrobe in the bag, hood first, rollover & clip the top, undo the valve, squash all of the air out by kneeling on the dryrobe, (or using a vacuum cleaner), then pull the compression straps tight & re-seal the valve.
- \* Removing the air allows the straps. The bag is not designed to be air tight or submersible, air will slowly re-enter the bag but it will remain extremely compact.

This really works!

- \* Made from a robust waterproof nylon fabric with sealed seams throughout and a padded shoulder carry strap.
- \* Perfect for travel & packing dryrobe in a larger travel bag to save space
- \* Highly water resistant, \*Not submersible.

**Dealer Cost in US dollars**

**One Size - \$17.00**

# DRYROBE DRAWSTRING BAG

The quick & simple solution for carrying your dryrobe.

Water resistant, Zip front pocket.

Black with the Dryrobe logo on the front.

**Dealer Cost in US dollars**
